

BEAUTY SECRETS

MD Beauty Secrets' makeup line was originally discovered to complement the skin care line. Many women who used our skin care line were reluctant to use makeup again, especially after seeing the improvements to their skin. Several of our clients held makeup to be the cause of their previous skin problems. To satisfy our clientele, MD Beauty Secrets launched mineral-based cosmetic products that give coverage while allowing your skin to breathe. There is no feeling of heaviness or harshness on your skin.

We carry a variety of vibrant eye shadow colors to accommodate your everyday moods, whether it be lay back and natural or glitzy and glamorous. Our lip products will keep your lips plump and smooth. The lip-glosses are comprised of a plumping agent that will give your lips a fuller look while keeping your lips glossy, but not sticky. The lipsticks contain vitamin E, which will give your lips a velvety feeling even during the dry seasons. No more chapped lips.
